Chakra Harmonics

Balancing with Crystals, Tuning Forks, and Resonance

July 25th and 26th, 2026 ◦ Cleveland, Ohio

What you will learn:

Class includes power point presentation, printed references, demos, Q&A and practice sessions. Each student will have their chakras assessed and balanced. Over the course of the weekend, students will experience supervised practice on 3-4 volunteer "clients". You'll also receive full instructions on:

- Grounding your client
- Understanding Chakra interaction
- Increasing your intuition and your biofield energy
- Self-care Chakra Balancing
- Seven different methods of assessing chakra health and four methods of processing energetic anomalies
- The science of entrainment and heart coherence
- Using empathic gifts to assist, without "taking on" low frequency energy.
- Using crystals and tuning forks in the detection, assessment and processing of misqualified energies
- Distance Chakra Balancing
